PALM OIL TRADE FAIR AND
SEMINAR, KUALA LUMPUR

POTS series is back!!! This time around it is held in Kuala Lumpur, Malaysia, 28-29 August 2018. It is a certainly a pleasure for Malaysian Palm Oil Council (MPOC) to offer you the opportunity to participate in this event. POTS is mooted to acknowledge the importance of Malaysia as a major palm oil producer and more importantly, a discerning customer of Malaysian palm oil. The event is designed to offer oils and fats players both from within and outside Malaysia a platform to exchange, discuss issues affecting the trade and business networking. In this regard, POTS KL enables the users to receive updates on the latest development on palm oil trade. For this purpose, we have lined up a team of oils and fats industry experts to present carefully selected papers to update issues affecting the palm oil trade.

We believe that the challenges and issues that are discussed during this event can be translated into business opportunities and partnerships when joint efforts are undertaken between suppliers and palm oil users to develop the trade. Besides, POTS Malaysia 2018 also offers opportunities for participating companies to promote their products and image via sponsorship and exhibition. As these effective and popular marketing tools are limited, please consider taking up these opportunities to avoid disappointment.

We believe that this conference will shed insights on current issues and lead to opportunities for expanding trade. Don’t miss this opportunity. Be part of this important event by registering now. Your participation will immensely contribute towards improving the quality of the conference.
