Join Us at MPOC's Flagship Event – MPOF TÜRKIYE 2025

We invite you to the Malaysian Palm Oil Forum (MPOF) Türkiye 2025, hosted by the Malaysian Palm Oil Council (MPOC) in Istanbul on 8 October 2025. This key industry platform will bring together Malaysian palm oil producers, global buyers, and end users to explore trade opportunities and market expansion.

Türkiye is Malaysia's largest palm oil importer in the Middle East and the 5th largest globally, purchasing more than 1 million metric tonnes, with Malaysia holding an 85% market share. Its strategic position bridging Europe, the Middle East, and Central Asia, combined with its re-export role, makes it a priority market for Malaysia.

While global trade and demand remain central to the forum, this year's programme will also highlight the health, nutrition, and quality assurance of Malaysian palm oil. Discussions will cover safety standards and the unique functional benefits of palm oil's natural phytonutrients.

MPOF Türkiye 2025 offers a prime opportunity for direct engagement between buyers and Malaysian suppliers, fostering strong business connections and industry collaboration in the evolving global oils and fats sector.

Key Highlights of MPOF TÜRKIYE 2025

CONFERENCE

A one-day conference covering key topics aligned with its central theme, featuring national and international speakers.

PANEL DISCUSSION

Industry leaders and key figures from Türkiye's oils and fats industry share insights on how Malaysia and Türkiye can collaborate to promote sustainable practices, and unlock growth opportunities in the Turkish market.

BIZMATCH AND NETWORKING

BizMatch connects Malaysia's palm oil industry with potential buyers in Türkiye.
