JOIN US AT MPOC'S FLAGSHIP EVENT

Malaysian Palm Oil Forum China 2026

We are pleased to invite you to the Malaysian Palm Oil Forum (MPOF) China 2026, organised by the Malaysian Palm Oil Council (MPOC) and taking place in Shanghai on 12 May 2026.

As MPOC's flagship platform in China, MPOF brings together Malaysian palm oil producers, international buyers, refiners, manufacturers, and end users to strengthen partnerships, explore emerging trade opportunities, and expand market reach.

China's oils and fats market is experiencing dynamic shifts in pricing trends, evolving consumption patterns, and changing import demand. As one of the world's most significant markets for edible oils, China continues to offer substantial opportunities, making timely market intelligence and strategic insights more important than ever.

MPOF China 2026 will highlight the expanding opportunities for palm-based products across high-growth sectors. With rising consumer affluence and increasing demand for innovative applications, the forum will explore developments in palm oleochemicals and phytonutrients, and their growing role in personal care and home care industries. Discussions will also examine the outlook for China's oils and fats market in 2026, alongside strategies for managing supply volatility and capturing new areas of growth.

MPOF China offers a unique platform for direct engagement between Chinese buyers and Malaysian suppliers, facilitating meaningful business connections and fostering long-term collaboration.

Be part of this important event in Shanghai to engage with industry leaders, gain valuable market insights, and explore new business opportunities.

Key Highlights of MPOF China 2026

Conference Sessions

Featuring nine expert presentations by renowned international and local speakers on oleochemicals, palm oil nutrition, and market outlook.

Exhibition and Networking Dinner

Held in Shanghai, the one-day exhibition and Networking Dinner will enable Malaysian and Chinese industry players to showcase products, connect with participants, and strengthen business networking opportunities.

Trade Networking Opportunities

Providing direct engagement with key players in the China's edible oil industry, fostering valuable business connections and trade opportunities.
