Join Us at MPOC'S **Palm Conversations International (PCI) India 2026**

We are pleased to invite you to Palm Conversations International (PCI) India 2026, hosted by the Malaysian Palm Oil Council (MPOC) in Mumbai on 23–24 August 2026. This programme will bring together Indian, Malaysian, and international researchers and medical professionals to explore the potential of palm bioactives in addressing non-communicable diseases (NCDs) in the modern world.

India is at the forefront of the global fight against non-communicable diseases (NCDs), with rising rates of cardiovascular disease, diabetes, and metabolic disorders placing increasing pressure on its healthcare system. As one of the world's largest consumers and importers of palm oil, India provides a strategic platform to expand scientific dialogue beyond conventional uses and examine the health potential of palm-derived bioactives.

Under the theme "Bioactive Power of the Palm: Reimagining for a World Facing NCDs," PCI India 2026 aims to catalyse evidence-based discussions on palm phytonutrients, particularly tocotrienols, and their relevance in preventive and integrative healthcare. By bringing together clinicians, researchers, and policymakers, the programme seeks to position palm-derived bioactives as credible components of modern medical practice in addressing today's NCD challenges.

Event Schedule

Day 2 - 24 August 2026

**PANEL
DISCUSSION**

**COOKING
DEMONSTRATION**

**LUCKY
DRAW**

Key Highlights of Day 2

ENGAGEMENT SESSION

An engaging session where health advocate key opinion leader, healthcare professionals, and leading scientists share insights on understanding the role of palm oil in everyday nutrition.

CONSUMER PROGRAMME

A one-day scientific conference covering key topics aligned with the central theme, featuring distinguished speakers from Malaysia, India, and the USA.

Tentative Programme (Day 2)

TIME	PROGRAMME
DAY 2 - 24 AUGUST 2026	
9.30 am-10.30 am	Registration & Refreshment
10.30 am-11.00 am	Opening remark Open Forum: Tocotrienols' Role in Modern Day Healthcare Management
11.00 am-11.15 am	Panelist 1: Dr Shawn Talbott, USA
11.15 am-11.30 am	Panelist 2: Dr. Raghavendra Rao, HCG Oncology Group of Hospitals, India
